Supported Learning Webinar

Do you care for someone with a learning difficulty or disability?

MSL provides a great post-school option for students with learning difficulties to go onto further studies or employment.

Our programmes are perfect for students 16 years and over with low levels of education experience.

As we look to enrol for our 2022 mid-year intakes across our different sites we invite you to join our webinar, where we will be sharing more about our programmes and how this would benefit those you care for.

When: Thursday, 7th April at 2:00pm
